

Rotary International District 3450 Learning Resources Centre 國際扶輪三四五零地區學習資源中心

The Learning Resources Centre (LRC) Complex composes two floors of 2,600m² area. It provides an environment conducive to study and leisure reading. It renders a one-stop facility hub with integrated services on IT, library and multimedia production. The LRC provides a wide range of services, learning resources, facilities and equipment to support the learning and teaching needs of students and staff. The LRC Complex is equipped with PCs, book collections, Seminar/Project Rooms for discussion and One Button Studio for self-service video recording. There is a good coverage of Wireless LAN (WiFi) service on the campus to support the students' learning needs. Besides, users can enjoy intercampus and interlibrary loan services and access our electronic resources on and off the campus. In the Multimedia Zone, 3D printer, photocopying/printing facilities, scanners and desktop computers with multimedia software are provided as learning support. Students can make use of the Reading Zone for self-study and learn at their own pace by using multimedia learning packages. Users can also surf on the Internet quickly via the Information Kiosks nearby. Furthermore, students can go to the Computer Rooms on the 1/F or 4/F of the campus to use the centralized computer facilities.

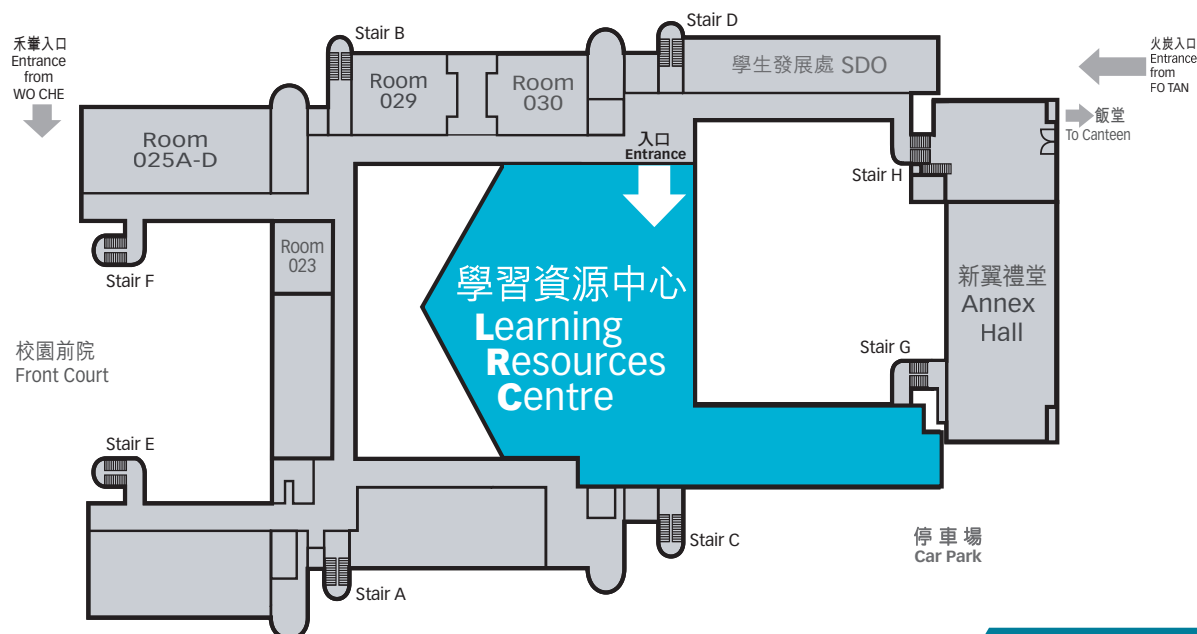

For more information, please visit our web site at :
